December 16, 2020

Dear Parents/Guardians,

We have two additional COVID-19 cases to report:

- We were notified yesterday afternoon (December 15) that a student that attends Millard Hawk Elementary has tested positive for COVID-19. We quickly contacted the Oswego County Health Department and after their contact tracing investigation, they provided us with the names of students and staff that they considered “close contacts” that require a 14 day quarantine. The Principal made all the phone calls yesterday evening informing the parents of students (and staff) that were impacted and require a 14-day quarantine. The students and staff that were considered “close contacts” by the Health Department were contacted by the Principal last night, and no additional students or staff were exposed.
- We were just notified that a student that attends Brewerton Elementary has tested positive for COVID-19. The Principal is currently calling the parents of students that the Onondaga County Health Department has deemed “close contacts” as a result of their contact tracing investigation. This involves students and staff in that classroom and on that school bus while the student was in school during the contagious period.

Sincerely,

Thomas J. Colabufio
Superintendent
