December 4, 2020

Dear Parents/Guardians,

This morning (Friday, December 4, 2020) at 5:30am, our Director of Transportation notified me that someone on one of our school buses tested positive for COVID-19. The bus in question had brought **a total of four students** to and from Central Square Middle School. The District quickly contacted the parents of the four students (along with contacting the three staff members) that were on the bus with the person that had tested positive. In total, there were only four students and three staff members that were on the bus and we contacted all of them and notified them that the four students and three staff members are quarantined for at least today so the Health Department could conduct their contact tracing investigation. The Health Department will determine today if everyone on that school bus requires a 14-day quarantine. If you were not contacted, then your child (or any staff member) is not at risk of contracting COVID-19 from this potential exposure.

Sincerely,

Thomas J. Colabufio
Superintendent
