Superintendent

December 5, 2020

Dear Parents/Guardians,

We were just notified that a staff member at Hastings-Mallory Elementary has tested positive for COVID-19. We are currently contacting all of the parents of the students in that classroom, informing them that the Oswego County Health Department is quarantining all of the students and two staff members from that classroom (only). After conducting their contact tracing investigation, the Health Department determined that **no other students or staff members outside of that classroom** were at risk of exposure and therefore **do not** require a quarantine. Besides this one classroom that will be 100% remote until their quarantine is over, **the rest of Hasting-Mallory Elementary will continue to operate as they have this school year with in-person learning on Monday for those students that are scheduled to have their in-person learning on Monday. Only the one classroom at HME will be remote during their quarantine period.**

Sincerely,

Thomas J. Colabufo  
Superintendent
