April 19, 2021

Dear Parents/Guardians,

The Oswego County Health Department has asked us to put out the following survey to better support our community regarding vaccinations. The school district will gladly partner with the Health Department in making a smooth and efficient process for our parents/guardians to have their children vaccinated according to their age and the current qualifications for vaccines. This is just an opportunity for the Health Department and the school district to support our families that would like their child vaccinated. COVID-19 vaccinations are not a requirement by New York State at this time, but we want to be a resource for any parent/guardian that wants to vaccinate their school aged child(ren) that are 16 years or older.

Please click on the very brief survey that will help us better provide that service for your child **ONLY** if you are interested in having your child that is 16 years or older get vaccinated.

Vaccination Survey Form Link: <https://forms.gle/2aMqmEFvCwLdDT2k9>

Sincerely,

Thomas J. Colabufio
Superintendent
