Pathways to Success

August 3, 2020

To Parent/Guardian of Paul V. Moore High School students:

### Paul V. Moore High School Remote Learning Re-opening

We will continue to have high school students learning remotely from home. However, based on feedback from students, staff and families, we will continue with our traditional schedule that our high school students and staff are used to. We will have:

- 4 day cycle of A, B, C, and D.
- Most classes will be on either A/C days or B/D days.
- Classes will be one hour in length and students will only have 4 classes to focus on each day.
- 1 hr. class = 45min lesson and 15 minute advisement time

With the rigor and expectations of high school level courses, as well as those taking college credit courses, the longer periods and multiple nights before the next class will help students manage their time when working on assignments.

On Mondays, Tuesdays, Thursdays, and Fridays, students will follow a **synchronous** schedule. Synchronous means students engage in course activities at a specific date/time, requiring that everyone be online for a scheduled event.

On Wednesdays students will follow an **asynchronous** schedule. Asynchronous means students engage in course activities at any time, working at their own pace. Teachers will be available during school hours for student support.

### PVM Remote Learning Schedule for 2020-2021

#### COURSES LISTED BELOW ARE FOR EXAMPLE PURPOSES ONLY

Monday A day	Tuesday B day	Wednesdays	Thursday C day	Friday D day
Synchronous	Synchronous	Asynchronous	Synchronous	Synchronous
