September 7, 2021

Dear Parents/Guardians,

Similar to last school year, we will always inform all parents/guardians of any COVID-19 positive cases involving anyone (students or staff members) that test positive for COVID-19 in their child's school the same day that we are notified.

- Two students enrolled at Brewerton Elementary tested positive for COVID-19. Neither student was at school today so no student or staff member was at risk of contracting COVID-19 and no one, besides the two students that tested positive, have been quarantined by the Onondaga County Health Department.
- One student enrolled at PVM High School tested positive for COVID-19, but since the student was not at school today (or any time during the student's contagious period), no students or staff were at risk of contracting COVID-19, and therefore, no students (besides the student that tested positive) or staff require a quarantine.

Sincerely,

Thomas J. Colabufo
Superintendent
