Mr. Thomas J. Colabufo
Superintendent

September 13, 2021,

Dear Parents/Guardians,

We were notified over the weekend and today of the following COVID-19 positive cases:

- Two students enrolled at Central Square Middle School tested positive for COVID-19.
- Two students enrolled at Millard Hawk Elementary tested positive for COVID-19.
- Three students enrolled at Paul V. Moore High School tested positive for COVID-19.

After the Oswego County Health Department conducted their contact tracing investigations, they determined which students required a mandatory 10-day quarantine. Our principals have contacted the parents/guardians of students that were considered “close contacts” that require a mandatory quarantine. If your child’s principal has not already contacted you, then your child was not at risk of exposure as per the Health Departments’ Quarantine Guidelines, and therefore will not be quarantined.

Our middle school and high school nurses have recognized that we have far more students that are fully vaccinated than they were aware of. If your child (12 years and older) is fully vaccinated, please scan the front and back of their vaccination verification cards to your child’s school nurse. The information on the vaccination verification cards will not be shared with anyone outside of our District. This will expedite the process in quickly returning your child back to class once the nurse identifies that the fully vaccinated student is experiencing no [COVID-19 symptoms](#). According to the Health Department, fully vaccinated people (students and staff) will not be quarantined if they are exhibiting no COVID-19 symptoms. If our nurses have that information on hand, then there will be minimal to no disruption to the students’ school day.

Sincerely,

Thomas J. Colabufo
Superintendent
