*** What does a contingency budget mean?** If the proposed budget is defeated by district voters, the Board of Education may adopt a contingency budget or present a budget for a second vote. If the proposed budget is defeated twice by district voters, the Board of Education is legally bound to adopt a contingency budget. A contingency budget jeopardizes valuable programs and affects the positive direction of our school district. Our students' education is an investment in the future of our community which is beneficial to everyone.

No Tax Levy Increase

TAX RATE → 3 Parts

A 0% Tax Levy increase is only 1 of the 3 parts.

Tax Levy vs. Tax Rate

- **Tax Levy** is the total amount of money a school district raises in taxes each year from all property owners in the district.
- **Tax Rates** are calculated by dividing the total amount of the tax levy by the total taxable assessed value (Town Assessor's Office) in a community.
 - Tax rates are affected by changes in municipal assessments and state equalization rates (NYS Board of Real Property Tax Services), which are determined in the summer.
 - The tax rate is used to calculate each individual property tax bill.

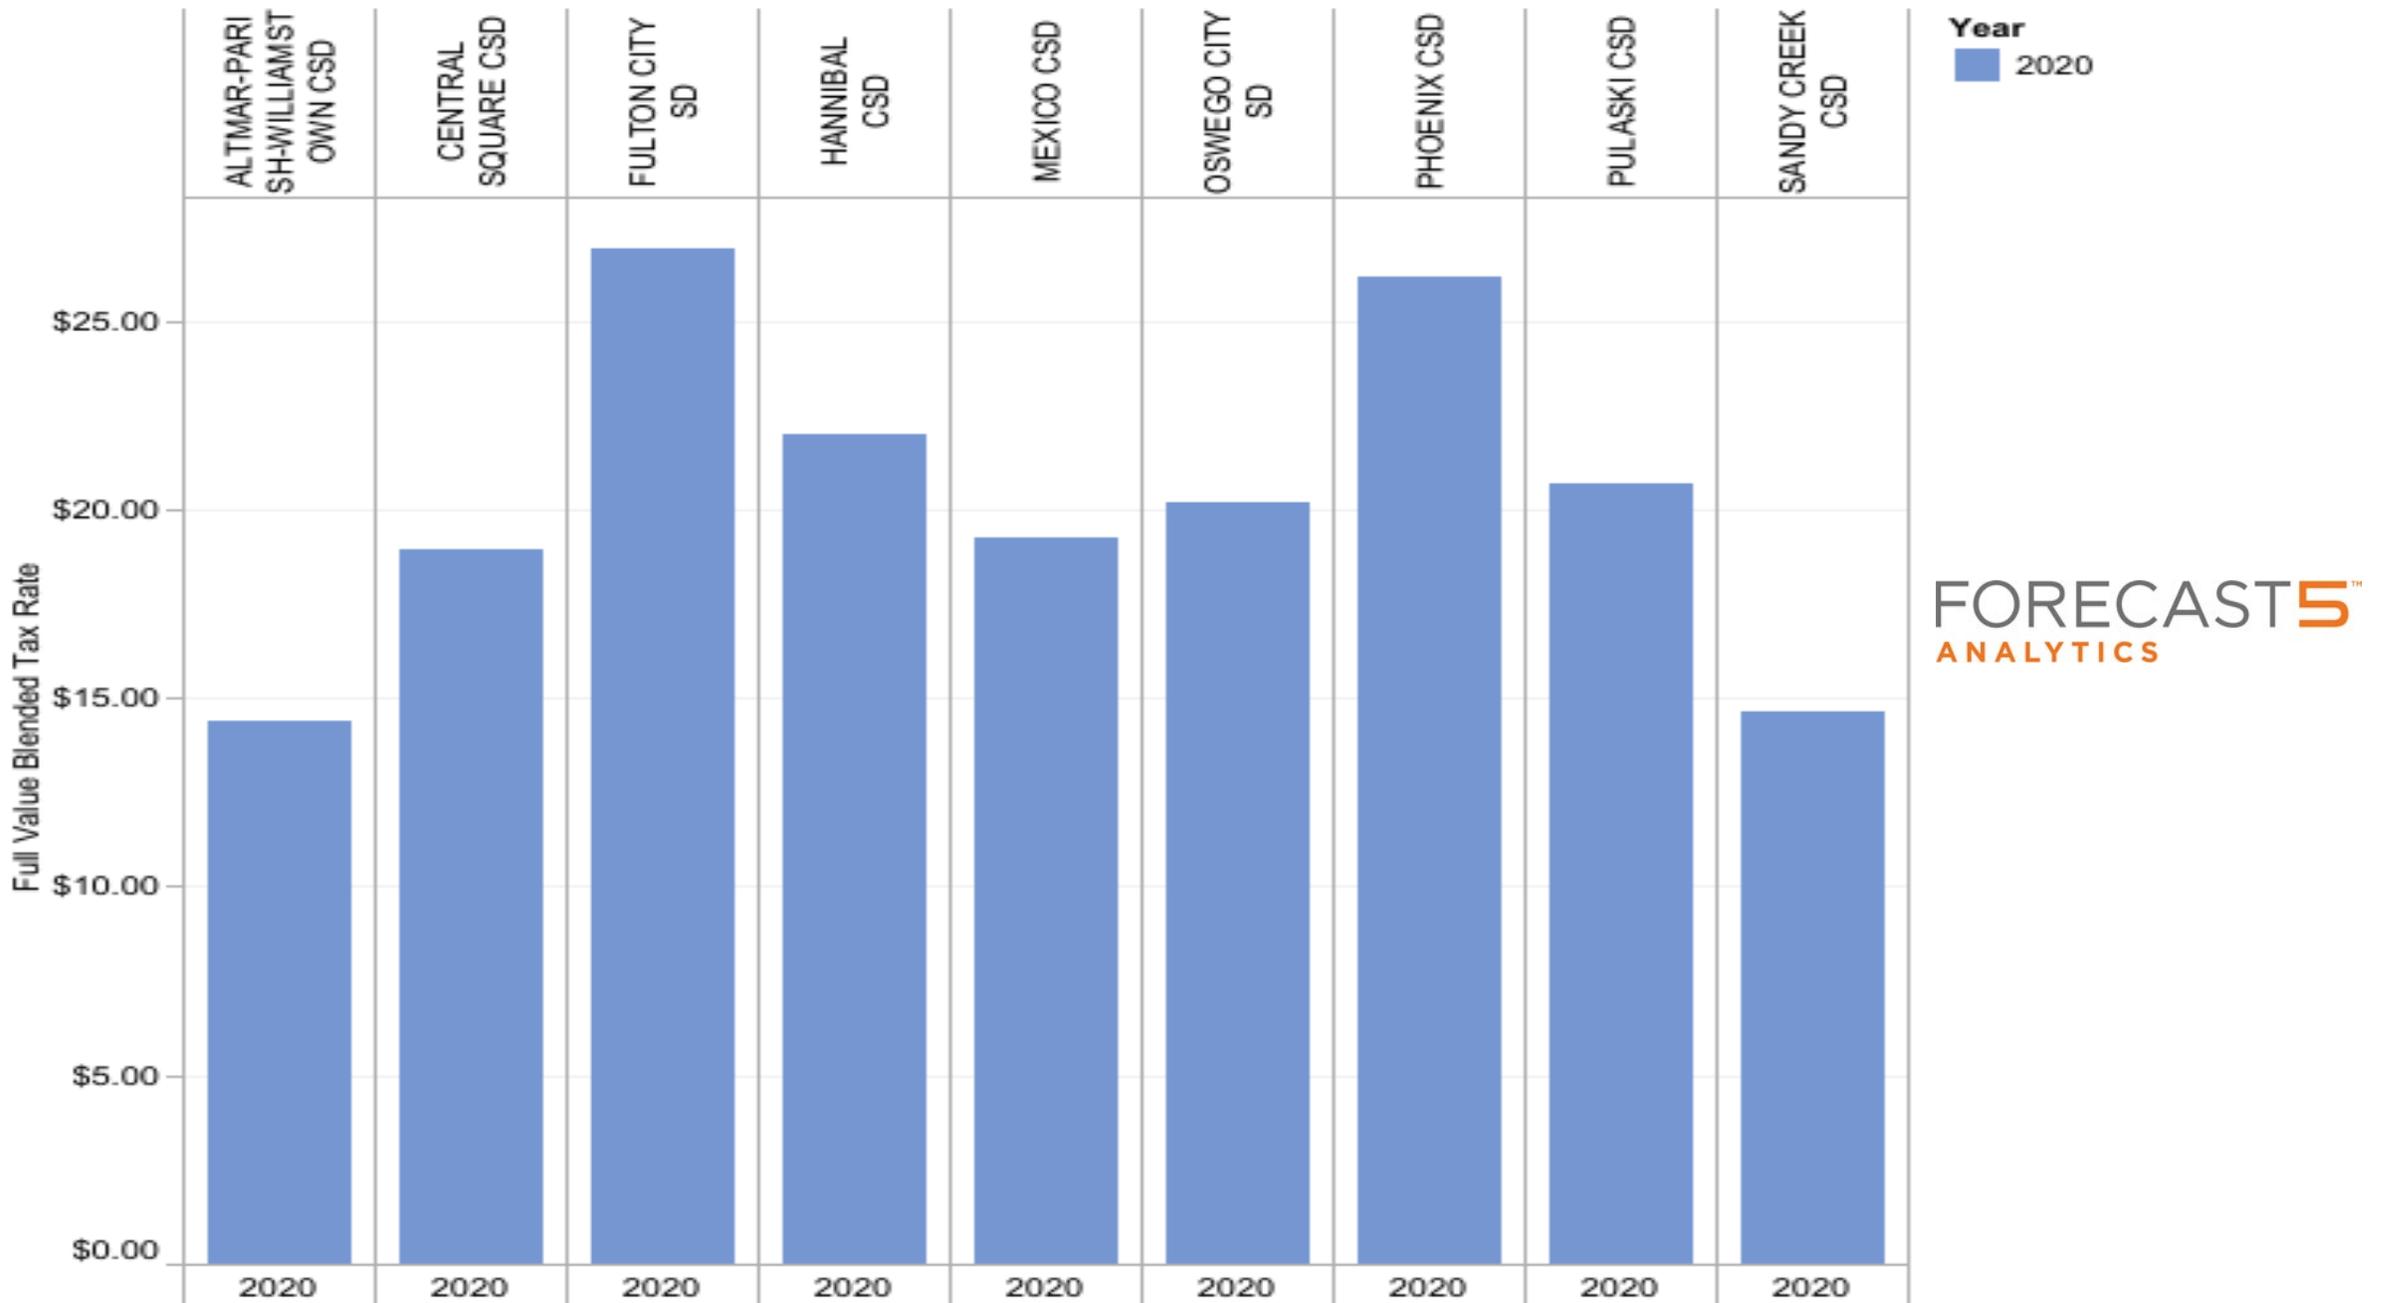

So why did my taxes increase?

- Tax rates for each municipality within the district are set each August. They are based on the tax levy for the year and final municipal assessments for each of the towns (11). Tax rates vary between towns because property in each is assessed at different levels in relation to full market value. The state assigns each town an equalization rate to fairly divide the tax levy between the towns.
- The district **does not control** any part of the assessment or equalization process. Questions about assessments and equalization rates should be directed to the appropriate town assessor's office.
